

Hatteras 80 Motor Yacht

Four staterooms with private heads are among the highlights.

Like all Hatteras yachts, the 80 Motor Yacht sports a convex fiberglass hull that provides a rugged edge against any sea condition.

Up top, the expansive flybridge features an oversized sunpad, twin L-shaped lounges and a wetbar with sink, refrigerator, icemaker and bar stools. An optional hot tub can be placed here, too.

The pilothouse features two helm chairs, raised lounges with marble tables and a day head. The pilothouse and flybridge debut Hatteras' PC Monitoring System that uses touch-screen technology to monitor rpm, oil pressure, bilge alarms, fuel and water

levels, and other systems.

Aft of the flybridge is the wide salon and the galley, which includes a dishwasher, a full-height fridge, a microwave/convection oven, a four-burner ceramic cooktop and granite countertops. A wetbar rests just inside the salon door from the aft deck near a 42-inch plasma TV. A sectional sofa, club chairs, dining table and china cabinet add elegance, accented by custom soffits, and moldings.

Four staterooms—each with a private head—comfortably sleep the full family. The master stateroom uses the entire beam and comes with a king-size berth, walk-in locker and 32-inch plasma TV. The VIP and bow staterooms feature queen-size berths, while the fourth stateroom has a twin berth as well as a Pullman overhead. Another two staterooms accommodate the rest of the crew. ↓
